

BRITISH SIX MILES FROM LILLE-OSTEND RAILWAY

All Haig's Objectives in His New Offensive Securely in Hand, Despite Counter-blows.

(BY A. P. NIGHT WIRE.)

WITH all the objectives of their new offensive now in their hands, the English, Scotch and Australian units now are tenaciously holding them, notwithstanding fierce German thrusts launched in an effort to regain the lost ground. The Associated Press says in its review of the official dispatches for the past twenty-four hours.

As had been expected, by reason of the contour of the territory over which the battle has raged, the fighting throughout has been of a most violent character.

Near the Polygon Wood, north and northeast of St. Julien, and northwest of Zonnebeke, the counter-attacks have been of a sanguinary character, the Germans losing heavily in their counter-attacks.

Of all the points of vantage gained by Field Marshal Haig the village of Zonnebeke probably was the most important, for six miles farther on lies the Ostend-Lille railway, the cutting of which by the British would interfere with operations between Germany's naval base at Ostend and Zebrugge.

Only at two points during the fighting were the Germans able to capture lost ground. This was, east of St. Julien, where two redoubts again fell into the hands of the enemy. One of these had to be relinquished by the British, and still remains in German hands, but from the other the Germans were repulsed pell-mell by a fresh British counter-attack.

The German Crown Prince along the Aisne and in the Verdun sector has made several attempts to break the front of the British, but on former occasions, the attacks all were repulsed with heavy casualties. On the greater point of the Aisne, held by the French artillery, the Germans are in progress.

On the front in Northern Russia and in Rumania, the activity of the Germans and Austro-Hungarians has almost ceased, except for small outposts operations and here and there artillery duels of slight proportions. The Germans, however, apparently are reconnoitering in the Baltic Sea, preparing for attacks on the Russian fleet.

There has been no resumption by Gen. Cadorna of his intensive offensive against the Austrians along the Isonzo front, where only minor engagements have taken place. On the Carso plateau the Austrians have been hard at work, and the Italian army is effectively counter-attacking. Large quantities of explosives daily are being dropped by the Italians on Austrian positions behind the fighting front.

In Belgium, the British and the French army are keeping up their raids against German naval bases, contentions and other independent objectives are being carried out with visible indications of great damage.

HAIG'S REPORT.

(BY ATLANTIC CABLE AND A. P.) LONDON, Sept. 27.—The report from Field Marshal Haig tonight refers only briefly to the operations of today in Flanders. On the previous day several powerful counter-attacks, it says, were repulsed with heavy losses, and 1614 German prisoners were taken. The text of the report reads:

"After all our objectives had been gained yesterday seven powerful counter-attacks were made during the afternoon and evening. All were repulsed with heavy losses to the enemy."

From the British standpoint, the situation resulting from the new offensive is exceedingly satisfactory. Weather conditions were ideal today and consolidations were proceeding rapidly. In a number of places the British moved forward, line somewhat during the night by establishing posts still further forward.

The two companies of Argyll and Sutherland Highlanders, who made such a remarkable stand Tuesday against the German onslaught, were mentioned in the official report for their great gallantry, as the heroes of the hour along the front. They were finally relieved by the advancing troops from their isolated position where they had been cut off from the Germans in the early operation.

Their unit was involved in furious German counter-attacks which were begun Tuesday morning, probably in an effort to disrupt the expected British offensive. They were attacked at dawn by elements of four German divisions. So heavy was the enemy assault that the British troops were bent back, but the companies of Highlanders refused to give ground and clung stubbornly to their posts in the face of terrible blows from the enemy.

BATTLE RAGES ALL MORNING.

About 2 o'clock in the afternoon the British counter-attacked and fought their way forward until they had re-established themselves in virtual possession of all the ground lost. But they were still some distance short of the two companies, who valiantly held their own. All afternoon and throughout the night the Highlanders were stuck to their positions, although the enemy continued to rush forward in an effort to dislodge them. And here this handful of intrepid Scots were found and rescued when the British advance was checked by a daybreak on Wednesday morning.

NORTHCLIFFE'S WARNING.

The American financial world was warned against "the dream of a speedy peace" by Lord Northcliffe, America and the Entente are "in the same boat" and should pull together, he said, with Secretary of the Treasury McAdoo "acting as stroke."

"I believe America will even surpass her own magnificent record," Lord Northcliffe said. "It is not my business to criticize or even to advise. I merely wish to indicate a joint in our armor which is unscrupulous and unrelenting enemy is sure to exploit."

He addressed the League of Wisconsin Municipalities at the first meeting of the League at Brotherhood Hall.

Gov. Philipp, in introducing the speaker, said that he was going to explain a few things about the State in order to set the record right in the minds of the people.

He sketched the rush of Wisconsin against the enemy, and the fact that the call came, its prompt response to the draft and its overabundance to the Liberty Loan.

Col. Roosevelt said that he fully appreciated the loyalty of Wisconsin and scored those who discriminate against a man because of his birth as un-American themselves.

There was the closest attention when the speaker spoke of the type of men who let the copperheads of the Civil War.

"I read a newspaper account of Senator La Follette's St. Paul speech, in which his words condoned the sinking of the Lusitania with its 1100 American citizens."

He said that the loss of these lives was a tragedy and that the loss of these lives was a tragedy and that the loss of these lives was a tragedy.

LA FOLLETTE AS A HUN.

There were cries of "Shame! Shame!" from all over the hall. When the speaker spoke of "Huns" and "Krauts" he was met with a storm of protest.

ARGENTINA VS. GERMANY.

BUENOS AIRES, Sept. 25. (Delayed.)—The greatest demonstration in the history of Buenos Aires has ever been taken place today as an evidence of the almost unanimous feeling of the people against Germany.

There were 200,000 marchers in line, led by a commission of Uruguayan Senators and Deputies, while thousands lined the thoroughfares as spectators.

The populace cheered the marchers and they sang the Argentine national anthem and the Uruguayan national anthem.

They demanded peace and the end of the war.

If cross, feverish, constipated, give "California Syrup of Figs."

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, castor oil. How you hated them, how you fought against taking them. With our children it's different. Mothers who insist on the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

AMERICAN FARMERS GOING TO CANADA.

OTTAWA (Ont.) Sept. 27.—The movement of settlers from the United States to the Canadian West continues at a rapid pace, according to the statement of officials of the Dominion immigration department. The entry of United States citizens into the war and the adoption of the selective draft system has not affected emigration to the western provinces. This is explained, in due to the fact that the large majority of those who seek homes in Canada are well-to-do farmers above the military age, and children too young to be affected by the conscription law.

LENTY OF LUMBER FOR FRUIT BOXES

[LOCAL CORRESPONDENCE]
PORTERVILLE, Sept. 27.—Owing to the lack of lumber, growers of Tulare county are having a sample supply of box shippers. The output for the season is estimated at 150,000. E. S. Pitts, general manager of the Tulare County Fruit Exchange, has returned from an inspection of lumber lands by the supply company in a subsidiary of the association. From the statement the exchange from 1909 across will be 100,000.

There is generally reported a shortage of lumber, consequent high prices. There probably will be no increase in the price locally, as material furnished to the members of co-operative organization.

BILLY WHACKS THE PACIFISTS.

He Says They Dare not Defy Public Sentiment.

"We've Got Enough of this Pro-German Dope."

"Trail-hitters" Now Nearing Eleven Thousand.

The "Christian pacifists" of Southern California came in for a vigorous drubbing by Billy Sunday last night at a meeting for men only at the great tabernacle. The response of the great crowd was spirited. Men jumped to their feet and cheered and cheered. There was no mistaking the temper of those men on patriotic subjects.

"I read in the papers," said Billy Sunday, "that a bunch of folks out here calling themselves 'Christian pacifists' are going to hold their public meetings regardless of public sentiment."

"Well, I serve notice on that bunch right now that they'll do nothing of the kind. We live in America. We've had enough of this damnable pro-German dope. We'll be thoroughly loyal, and we'll stand by President Wilson to the last breath. And I want President Wilson to know that there's no more loyal citizenry in the United States than the men and women of Southern California."

"This is no time to cry, 'Peace, peace.' We've got to clean up that bunch over the waters before there can be peace. I say this is no time to cry 'peace,' when the fields of Europe are drenched with blood and the great war magnet is reached out over the country, picking up the finest type of young men for the purpose of preserving democracy."

"You can't be a Christian and not these the law. When there is universal disrespect of the law and a disregard for the will of the majority, then the blue and white of Old Glory will dissolve into the red flag of anarchy."

The fourth week, or first half, of the Sunday campaign is within two days of its close, and at the end of last night's services the record of "trail-hitters" was 10,765. They marched down the sawdust trail last night 334 men. Ministers representing practically every denomination co-operating in the campaign marched down with the men who decided to take a public stand for the Christian life, and they pledged their most faithful efforts for a furtherance of the campaign.

There was lots of action in last night's meeting, from opening songs to the close of the trail-hitting. The men's chorus sang old favorites and the new ones. Then the men all over the house tuned up and whistled the songs and choruses, and there were here notes by Rev. R. H. Heaver and two songs by the Ed Huettner Quartette.

Even the taking of the collection for the Sunday campaign was raised in the "dishy" collections.

Among the special delegations present last night were Uncle Sam's men from Fort McArthur, fifty men from Gardena, a large body of master plumbers and twenty-five men from the Nichols-Loomis Company. Mr. Sunday's sermon was directed to the personal lives and habits of men. It was an intimate talk, showing the horrors of unclean living and the dire results to body, soul and spirit.

DIGS INTO 'EM. Billy Sunday's afternoon sermon yesterday was on the subject of "If Ye Have Faith." In it he spared not the Christian who is afraid to walk out on the promises of God.

Discussing the prayers of many Christians, he said: "You just go through the motions, and you don't expect God to answer your prayers; you'd be terribly surprised if He did. I tell you, with faith no prayer for the greatest blessing will ever fail."

"God almighty must feel disgusted with your lack of faith. If He wasn't able to do what He's promised then He wouldn't have asked you to pray for it. There were places where even Jesus could do no mighty works. It was for lack of faith of the people. They didn't believe in Him."

"People pray: 'Lord, increase my faith,' and then they sit down and never do a thing. Stop your wind-jamming prayers and go out and ask your neighbors to be Christians. Some of the prayers that you offer just make me sick. I just get boiling hot to see some people do something they call serving the Lord. But, do you want to be a lot of cheap skates all your days? Reach out and take for yourselves the promises of God."

It's an off day when Billy's prayers don't have an element in them that make people stare around and nudge their neighbors. Yesterday, in his after-the-sermon prayer, Billy named off various denominations and told the Lord that they are large.

His prayer started: "Say, Lord, we thank you, Lord, you're a great God."

TODAY'S TALKS BY MR. SUNDAY.

"The Elder Brother" and "Think on These Things" are His Themes.

Billy Sunday will preach at 2 o'clock this afternoon at the tabernacle, Twelfth street and Grand avenue, on "The Elder Brother." He will preach at 7:30 o'clock tonight on "Think on These Things."

Noon meetings will be held in the shops of the Pacific Electric, Pacific Saab and Doot Company, Los Angeles Railway, Southern California Hardware Manufacturing Company, Layne-Bowler Corporation, Griffith Wheel Company, Hauser Packing Company and the McCroskey Packing Company.

A meeting will be held at police headquarters at 9 o'clock this morning, and there will be 2 o'clock meetings at fire houses Nos. 4, 22 and 24.

AS SPOKEN BY BILLY SUNDAY.

Say, do you want to be a lot of cheap skates all your days? Reach out and take for yourselves the promises of God. Stop your wind-jamming prayers and go out and ask your neighbors to be Christians. Some of the prayers that you offer just make me sick. I just get boiling hot to see some people do something they call trying to serve the Lord.

God almighty must feel disgusted with your lack of faith. If He wasn't able to do what He's promised, He wouldn't have asked you to pray for it. You just go through the motions, and you don't expect God to answer your prayers; you'd be terribly surprised if He did. People pray: "Lord, increase our faith," and then sit down and never do a thing.

No wonder we're going to the devil and growing up without God. Few families go to prayer meeting; nine out of ten don't have prayer meeting in their home; no family prayer in their home. No wonder our nation is drifting away from the Lord. I'm no pessimist, but I'm simply facing conditions.

What would you think of a farmer that would pray: "O, Lord, send me a crop," and then was too darned lazy to plant the corn? Well, you pray God to save people, and then you're too contemptibly lazy to talk to anybody about Jesus—praying to God to do something while you loaf on the job. Bah!

There are people here that own a lot of things they wouldn't have had if they hadn't lied about it. I tell you, it doesn't pay. The eyes of the Lord run through the earth and you can't hide your iniquities from God. You needn't read the newspaper to learn that your sins will find you out.

All others are fakes and frauds. You're the only real God."

And later on Billy told the Lord that Los Angeles is overrun with religious that are untrue, and declared that the universalists, the unitarians, the theosophists and the metaphysicians, the Christian Scientists and others were "liars." "Oh, Lord," cried Billy, "expose their fallacies."

EVENING SERMON.

Billy Sunday's evening sermon was based on Numbers xxii:33: "Be Sure Your Sins Will Find You Out." In the course of this sermon he said: Sin is the one thing in the universe which can permanently damage a man and eternally damn him. Disappointment may worry him, grief may sadden him, diversity may bring him hardships and heartaches, but the only thing that can permanently leave its stamp upon a man's character and eternally damn him in hell is sin.

No man or woman can escape from his or her sins. Every sin you have ever committed or ever will commit will bring you to account, and you will have to pay for it, and you never will sin that you won't have to pay for it.

Nobody ever sinned that wasn't a lower by it. Nobody ever committed a sin that ever paid. You may have lied and made \$100 by that lie, but it didn't pay. You may own a store that you would not have now if you hadn't lied. That doesn't pay. You may have a farm that you would not have had if you had lived right. That doesn't pay.

The most stupendous, gigantic folly that ever entered the mind of a man or woman is the supposition that it can't be done wrong.

There may be those here tonight who are planning some sin, and your presence here is only that many hours nearer the time, the hour and the place you will commit that sin. In fact, your presence here might be for the purpose of leading people and you are here simply for the purpose of warding off suspicion, and you can scarcely wait until my message is over when you can creep off in the darkness and propagate your iniquity.

That won't pay. I won't see it, the people here won't see it, but the eye of the Lord runs through the earth, and there is no blackness that can hide your iniquities away from God.

MUST PREPARE. There are some things in life about which there are degrees of uncertainty. You are not certain that you will die. Jesus Christ may burst upon the world and judge it before the clock will strike 12 at midnight.

You are not sure that the sun will rise tomorrow. We suppose it will. It has risen ever since God put it in the sky, and it has swung with

If You Had Eyes Like a Microscope

If your eyes magnified objects a thousand times, the way microscopes do, you would see in your own home the constant menace of disease in the form of minute germs. You would see these germs in many places—sinks where grease has collected, drain-pipes, defective plumbing, toilets, garbage cans, and the cracks and crevices of floors and woodwork.

You would also see how a small cluster of germs breed into thousands, and even millions, in an incredibly short time. Then you would be able to picture the beginning of a terrible epidemic, starting from one little germ-group, and striking down whole families and communities.

If, while watching a wriggling mass of germs under the microscope, you should touch them with a drop of Lysol, you would see all movement stop immediately, each germ become motionless, dead. Then you would know, as doctors know, how the spread of contagion is stopped, how homes are safeguarded from the ravages of disease, by the use of Lysol.

It takes only a 25c bottle of Lysol to make two gallons of reliable disinfectant which will clear the whole home of disease germs; a 50c bottle makes five gallons.

Three sizes: 25c, 50c and \$1.00. Sold everywhere.

Lysol Toilet Soap

Lysol Toilet Soap contains Lysol, and therefore protects the skin from germ infection. It is refreshingly soothing and healing and helpful for improving the skin. Ask your dealer. If he has none, ask him to order it for you.

Lysol Shaving Cream

Lysol Shaving Cream also contains Lysol, and kills germs on razor and shaving brush (where germs abound), guards the tiny cuts from infection, and gives the antiseptic shave. If your dealer has none, ask him to order a supply for you.

PRINTING that is ADVERTISING SERVICE

Did you ever stop to think that there are two kinds of printers—"merely printers" and "advertising printers"?

One prints what you give him to print. It doesn't matter to him what you say or to whom you send it. If he turns out a job which is typographically correct he thinks he has earned his money.

The other kind of printer is an advertising specialist. He gives you the benefit of his experience, and works with you to get results. Your success with **DIRECT ADVERTISING** is his success.

Los Angeles Advertising Score

The record of the advertising achievements of all the daily and Sunday newspapers in Los Angeles is printed every day by The Times in order that men and women who depend upon newspaper advertising for the success of their business ventures may know the extent to which successful business builders patronize various local newspapers.

The Times high-class, home-delivered, productive circulation, a sworn statement of which is printed in another column, regularly enables this newspaper to print more classified and display advertising, and a greater number of separate advertising announcements, than any other Los Angeles newspaper.

For the week ending Saturday, September 22, the Los Angeles newspapers published the following number of lines of advertising (300 agate lines make one column.)

Life's Gentler Side Society, Music, Song and the Dance—At the Play-houses.

Life's Gentler Side Society.

The Allied nations were much in evidence. There was a musical program and games for which prizes were won by Miss Frances Nath, Harry Wilson, Miss Frances Morse and Ray Bally.

The highest bidder for the picture was the head of the Orpheum and Keith circuits, and therefore they will be seen exclusively in these theaters, the entire proceeds for the rental going to Mr. Vanderbilt to abate the suffering on the war front.

The first showing of the film at the local Orpheum will commence Monday afternoon, October 1. The retreat of the Germans at the battle of Arras is said to show the heroic drive of the Allies in every detail. It brings to every spectator the dust and smoke and din and death of actual warfare. You see the shells burst and blow whole detachments high into the air and dig huge craters into the soil. You see the rush over the top of the trench over every obstacle, tearing down barbed wire entanglements, and finally landing at their objective—a German trench.

In short, these are said to be the greatest war pictures so far made. The retreat of the Germans at the battle of Arras is already famous, because of the cable reports, but the visualization in film form is said to impress details far more graphically than any printed story could do; and it is related that where these pictures have already been shown, the East, so impressive are they, audiences have been known to rise and cheer the gun crew, a monster howitzer, or the gallant charge of this or that regiment, the Allied horse sticking to their guns in the face of gas attack and liquid fire.

BRITISH WAR FILMS.

GERMAN RETREAT AT ARRAS IS A FEATURE.

By Grace Kingsley.

While history is being made upon the battlefields of Europe, the British government is recording it on the film that the present war may be retold accurately and vividly in the future. These pictures were made for the archives of the British Museum.

William K. Vanderbilt, realizing that money is needed by the various war relief societies, arranged with the British government to have these pictures exhibited throughout the United States, the proceeds thereby gained to be donated to the Red Cross Society and other like organizations.

THE WAR ON PACIFISTS.
Board will Help to Prevent Meetings.

Declares Food will Win the Great War.

Conservation Week
October Told.

There will be no pacifist meetings in Los Angeles during the life of the war. If there is anything the Board can do to prevent the "pussy-footing non-combatants" who have joined hands with the enemy's agents in trying to bring about a cessation of the war, the Board will do it. A strong resolution adopted at a meeting held by the Board in the Chamber of Commerce yesterday, introduced by William H. Hays, newly-elected president of the National Association of Real Estate Boards, was carried with a vote of 10 to 1.

The Board and all its members and allies were sworn in at the meeting. The Board of both the National Association of Real Estate Boards and the "all highest" must be sworn in. A dozen of them, including the Board's president, Hays, and two of the Board's members, J. Whitcomb, and Rev. J. Whitcomb, were sworn in at the meeting.

TEN PER CENT. RAISE GRANTED.
Los Angeles Gas Employees Benefit Largely by Wage Increase.

Another blow was given the old adage about soulless corporations yesterday, when the Los Angeles Gas and Electric Corporation announced an increase in salaries of its employees, effective Monday, which, with those granted since January 1, total in excess of 10 per cent. Such increases, in the main, apply to the medium and lower-salaried men.

This corporation employs 1100 men, of which number 150 have been continuously with the corporation more than ten years, and 250 others more than five years. With the exception of those employed at the Pasadena office and works, all are residents of Los Angeles, and a very large majority are home owners and support families.

At Last.
PEPPA CONVICTED ON TWO CHARGES.
MAN WHO HAS BEEN IN COURT MANY TIMES IS HELD.

Familiar Character to Police Officers Who Once Tried to Shoot Detective Is Found Guilty of Being Disruptive Person—Menacing Attitude Toward Prosecutor.

Joe Peppa walked smugly into Police Judge Chesbro's courtroom at Normal Hill Center yesterday morning and his sneers lasted until well along in the forenoon, when they disappeared. By 4 o'clock in the afternoon, after he had been grilled by Assistant City Prosecutor Richards, his sneers had changed to ugly scowls of hate.

Peppa was tried yesterday on two charges, being an idle and disruptive person and also being in and about a house of ill-fame. He was convicted on both counts and will be sentenced today by Judge Chesbro.

August 27 last Peppa was arrested in Police Judge White's court by Officer Treiblock and Douglas in connection with a raid they had made at No. 422 1/2 Commercial street, two days previous. Several times police officers say, Peppa has boasted to them that he was too clever to be convicted of any crime. It is alleged that he made a similar statement shortly before he entered the courtroom yesterday morning.

Peppa's career, which has been a lengthy one and is marked with questionable actions, was brought up against him yesterday. The evening of November 3, 1916, he was arrested by members of the flying squad and charged with smuggling opium. While standing near an automobile, prior to his trip to the police station, Peppa attempted to draw a revolver. The gun was shot from his hand by Detective Mike Greeley, he asserted, and he was repeatedly threatened to "get" the officer for that act.

Several times during the afternoon, while Mr. Richards was examining him, Peppa started to leave the witness stand as though he were going to stop the state's case. Judge Chesbro continually reprimanded the accused man for his unwarranted outbursts of temper and his remarks.

He was convicted by a jury composed of both men and women. He will receive sentence at 10 o'clock this morning.

YOUTHS TO FACE FELONY CHARGE?
COMPLAINTS TO BE ASKED OF DISTRICT ATTORNEY.

Two are Alleged to Have Spread Terror Among Motorists and Robbed Man of Watch—Third Member of Party Says He Merely Went with Friends for the Ride.

Detectives will today place evidence before Dist. Atty. Woolwine regarding the activities of Guy C. Chap and Jesse Taylor, and ask for complaints charging felony. The young men are alleged to be members of the sextette which terrorized residents of the southern district of the city Tuesday morning.

According to the police, the young men stole the machine of L. L. Taylor, a real estate man, who lives at the Jovita Hotel. Then, after picking up a third man, the youths are said to have attempted to hold up motorists in the city outskirts, but were captured by Motorcycle Officer Ted K. Robinson, who chased them for two miles. Chapman was arrested two years ago, it is claimed, on a charge of stealing magnets, while Taylor is said to be now on two years' probation for burglary. At the time of his arrest, Taylor had in his possession a watch, the alleged property of W. J. Carmichael of No. 724 Hanning street, who, with Miss Carmichael, had been held up by six young men in a big automobile at Florence avenue and Main street early Tuesday morning. The third man of the trio who was arrested Charles Hodgins, told the police he was merely out for a ride with his friends.

PLAN FUND FOR SOLDIER GIFTS.
Los Angeles Troops not to be Forgotten Christmas.

Mayor to Ask that Cities of Southland Join Movement.

Large Amount Required that All Men Get Presents.

The Soldiers' and Sailors' Christmas Gift Committee yesterday afternoon met in the Mayor's office and outlined tentative plans for gladdening the hearts of the Los Angeles boys who have enlisted in the service of Uncle Sam. The committee will strive to raise not less than \$20,000 for the gift fund, and hope to be able to send to each of the local liberty boys presents to the value of at least \$5.

Every city and town and every county in the Southland will be invited to participate in the movement. Mayor Woodman will invite the Mayors of all Southern California cities and towns to assist in the general plans, and similar invitations will be extended to the Superintendents of the southern counties.

Mayor Woodman is chairman of the committee. E. G. Judah, president of the Merchants' and Manufacturers' Association; Vice-Chairman Fred W. Blanchard and others spoke of the movement, and gave it the highest praise. They said the citizens of Southern California could do nothing which would be more appreciated by the soldiers and sailors from home than to remember them with nice presents on Christmas. He expressed the hope that every one will be patriotic enough to join in the good work.

W. E. McVey is treasurer of the committee, and E. P. Teasdale is secretary. Other members of the committee are L. D. Sale, president of the Chamber of Commerce; E. L. Deheny, Seelye W. Mudd, Dr. Norman Bridge, Mrs. C. C. Ashley, Mrs. E. E. Leighton, Mrs. Willoughby Rodman, Mrs. Frank Gibson, Mrs. A. S. Lobinger, Mrs. Hancock Hanning, Mrs. H. A. Cable and Miss Ianthia Densmore.

The following general committees were appointed: Chairman of Program Committee, Mr. Chester Thompson; Church Committee, Dr. Brougher, Mr. Bennett, Rabbi Hecht; Program and Arrangements, Mr. Chester Thompson; Finance, Mr. Harry Halderman; Committee on Schools, Dr. Albert Shields; Women's Clubs and Other Organizations, Mrs. Willoughby Rodman; Men's Clubs and Men's Organizations, Harold Jans; Film Organizations, Charles Murray and Max Bennett; Military Organizations, Maj. A. J. Copp; Gifts and Arrangements, H. Jevne; Civic Organizations, Herbert L. Cornish; Show Houses, L. E. Bahr; Municipal Organizations, Mr. J. S. Conwell; Railways and Transportation, Mr. Paul Shoup; Publicity, E. L. Hook.

JITNEY MEN, BEWARE!
Acting Police Chief Issues Orders that They Must Stay Off Main Business Streets.

Instructions were given all traffic officers yesterday by Acting Captain Dave Adams of Central Police Station to turn jitney-buses from the main streets, in conformity with the ordinance recently enacted.

This order was issued following the ruling by Superior Judge Jackson, denying the jitney-men the right to operate their machines in the forbidden streets will be arrested and taken before the police judges on charges of violating the ordinance.

USED UNDUE FORCE, ORIENTAL ALLEGES.
Charging Officer C. F. Johnson of the Chinatown police squad with entering his apartment at No. 303 Appleton street, the 15th inst., striking him in the face and otherwise mistreating him, Lo Lim, a Chinese, filed suit against the officer yesterday for \$200 damages.

The Oriental alleges that the officer used undue force in entering the apartment and that choking him a part of the officer's procedure. Johnson denies the charges.

Lemon Juice Softens and Whitens Rough, Red Hands
Women can make a quarter pint of wonderful lemon beauty cream for few cents. Nothing so good!

To soften, smoothen, and whiten the face, neck, arms, and particularly the hands when chafed, red or rough there is nothing better than lemon juice, but pure lemon juice is too highly acid and often irritating. A splendid lotion is prepared in a moment by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Be sure to strain the lemon juice through a cloth so no pulp gets into the bottle, and whiten the skin.
